---

## OBJECTIVE

Highly motivated and detail-oriented Data Analyst with a strong background in Machine Learning, seeking a challenging position to apply my knowledge and skills in a professional setting. Committed to leveraging data-driven insights to support decision-making and drive organizational success.

---

## EDUCATION

### Bachelor of Engineering (ME)

2016 - 2020

- R L Jalappa Institute Of Technology, Doddaballapur, Bangalore.

### PUC (PCMB)

2014 - 2016

- Poorna Prajna P U college, Chickballapur, Chickballapur.

---

## SKILLS

- Python Programming
- Exploratory Data Analysis
- Knowledgeable in fundamental Machine learning algorithms.
- Data Visualization (Power BI, Matplotlib & Seaborn)
- Statistical Analysis
- SQL
- ETL Processes (SQL)
- Web Scraping (Python)

---

## PROJECT

- **Global Super Store 2016 Sales Analysis,**

a comprehensive understanding of sales, profitability, and shipping dynamics is crucial for making informed business decisions and optimizing operational efficiency. By leveraging insights from this analysis, businesses can enhance customer satisfaction, streamline logistics, and drive overall profitability.

- **IMDB Movie Analysis & Recommender System ML Algorithm**

The IMDb movie analysis and recommender system utilizes data analysis and machine learning to deliver personalized movie recommendations, enhancing users' movie-watching experiences by suggesting films aligned with their preferences and behaviors.

- Implemented a strong **Naive Bayes algorithm** for YouTube spam filtering, boosting content quality and user experience by effectively tackling spam issues.

## **WORK EXPERIENCE**

**Data Analyst, Analogica Pvt Ltd**

**2022 -**

Utilized Python, Power BI and SQL for one year at Analogica Pvt Ltd, specializing in Python Automation. Spearheaded mass email campaigns and automated invoice generation through GUI libraries, driving operational efficiency. Conducted comprehensive exploratory data analysis to facilitate informed decision-making processes

---

## **COURSE**

- Diploma in machine learning & AI
  - Data Analytics with Python & SQL
- 

## **CERTIFICATES**

- **Diploma in Machine Learning & AI from Certisured**
  - **Scala Programming for Data Science from Scala.**
  - **I completed a live master class on Claude AI at Skill Nation.**
  - **Data Analytics with Python & SQL**
- 

## **LANGUAGES**

- English
- Kannada
- Hindi
- Urdu
